What is the Correct Way to Play a Sun Field?

Answered by MAX CAREY

Outfielder, Pittsburgh Pirates, captain of his team and the most brilliant base-runner in the National League.

No outfielder ever received credit for his work in a sun field. Yet it is extremely important. The first thing to do when playing a sun field is to put on sun glasses. Any color you like will do so long as they are dark enough to protect the eye. Most outfielders like a deep amber shade.

In gauging a ball hit to a sun field, do not try to take it through the sun, for this is impossible. Try to follow it over the sun, picking it out of the sky after it comes through the worst part of the glare.

## LATEST VICINITY NOTES

Mappings of Interest as Reported by Exchange From Chicago and Kenosha Counties.

Despondent over ill health, Harvey D. Davis of Farnham committed suicide last Saturday by shooting himself through the head with a revolver. The deed was committed during the absence of his family. He had recently been declared insane by a commission and would have been taken to the Binghamton State hospital in a short time. Mr. Davis was 46 years of age and had recently been a patient in the Broome County Tuberculosis hospital at Chenango Bridge.

Rev. D. E. Bishop, for six years pastor of the Baptist church at Binghamton, has resigned to accept a similar position at Albany. His resignation takes effect with the end of the month. It is stated that on September 21, the anniversary of the alleged finding of Joseph Smith of the plates whereon was inscribed the Book of Mormon, there will be a celebration on Hill Corners, near Palmyra, which will be attended by a large number of Mormon pilgrims from all parts of the country.

When Henry Hurlburt of Page Brook, who was recently declared insane by physicians, was searched, more than \$1,200 was found on his person. He was committed to an asylum.

The senior editor of the Cobleskill Index has kept a diary for more than 40 years, and a Marathon diary record. Daily entries are said to come as easy and natural to him as eating his meals.

The largest really development Kingston has had in years is seen in the purchase of the Cornell estate property of thirty lots by Lydia K. Peterson. The lots have been owned by the estate for 55 years and have been used by the various circuses which have shown in that city. The lots will be used for a park and around all the property and develop them into building lots.

The General Electric company and the American Locomotive company will subscribe together to \$300,000 in stock for the proposed new hotel in Binghamton, which was announced at the Chamber of Commerce dinner, which inaugurated the \$1,100,000 stock campaign.

Charles H. Walters, foreman of the Cold Spring Harbor fish hatchery of the Conservation commission, reported the collection of 125,000,000 smelt eggs during the month of April. The resulting fry will be planted in Long Island waters during the present month. This is the largest take of smelt eggs in three years.

Three of the large cities of this state, Binghamton, Rochester and Syracuse, will remain on standard time during the summer.

The Baptist church society at Richmondville has sold the church edifice for seventy years. The organization has been unable to maintain a church, as the membership has been reduced by death and removals until there are only two or three left. The property has been sold to Smith Fox for \$650.

Speak thieves entered the henhouse on Willis A. Conroe's farm at Richmondville last Friday night and stole about 50 of the finest Rhode Island Red hens (hatched last year) to be found in that section, the value of which would be at least \$100.

Stiney boasts an apple tree which is said to be the oldest in the county. It is the residence of H. J. Spencer and is asserted to have been set out in 1822. The record suggests a railing to protect it.

Applicants for the postmaster appointment at Chicago who have failed the civil service examination are E. W. Thorpe, G. W. Hubbard, Mrs. Anna L. Hunt and D. W. Southard. Postmaster O'Leary's term of office expires in August.

The Schoharie Valley Baseball league starts the season today. Cobleskill will play at Delanson, West Middleburgh at Howes Cave, Richmondville at Schoharie and Middleburgh at Preston Hollow.

TROLLEY AND EAST END.

The near approach of the time at which work on the new pavement on Main street will begin, has brought to the attention of the city council the necessity of the problem relative to the continuance or abandonment of operations on that portion of the line of the Southern New York railway known as the East End trolley. As is understood, the company, which has protested that its financial condition would not permit it to repair on Main street from Chestnut to Third streets, is now willing to pave between Chestnut and Broad streets on Main. Also it holds that the condition of its line between the Oneonta Creek bridge and Third street on Main is such that it should not be expected to repair. These statements, it will be recalled, were made for the company at the meeting of the board of public works, held this week.

There is apparent reason in the claim of the company that the latter section of its tracks and pavement need not be relaid. The line was rebuilt only a few years ago and it is in as good condition as now appears. There is a show of justice in its assertion.

If, therefore, the company is to be allowed to continue its track on Main street to the east end of Broad, and the further contention is admitted that there is no necessity of new paving between and immediately along its tracks on the stretch east of Oneonta creek, there remains only the distance between Broad street and Pine to be considered. Under these circumstances, in view of the reluctance of residents of East End to change from trolley car to motor bus as means of conveyance and the manifest inconvenience of the Broad street transfer (all patrons and citizens, it is hoped that some compromise can be reached between city and company. The original has proposition with relinquishment of the trolley extension from the Chestnut street intersection, was at first considered as a means of relieving the congestion on the business section of Main street; but if the tracks are to remain as far as Broad street, there will probably be little disposition on the part of the city as a whole to amend without protest to the discontinuance of the line from that point.

## SOME COLD FACTS.

In this connection, and particularly because it is known that the contractors for the new pavements on Main, Church and Center streets already have much material and a portion of the necessary equipment in the city, it is not unlikely to suggest that owners of buildings along all three of these streets, should at once proceed to lay all necessary pipes, water, gas and sewer, in order that the ground in the ditches may have time to settle before the pavement is laid. This is a matter in which the city has had sorrowful experience in other years and on the same and other streets.

Though it would appear that sufficient notice has already been given alike to companies and individuals, there have always been some instances in which the necessary new connections have been overlooked, and a result has been the early removal of a section of the new pavement to admit of this work. Once a section of a pavement has been taken up in this way, it is never the same again, no matter how carefully the work of replacement is done; and it is hoped that all this preliminary work will be done at the earliest possible date. In fact, no general notice having already been given, it might be merely serving the property owner right should permits be refused for work afterwards which might just as well have been done earlier.

## NOT PUBLIC DUMP.

Complaints have been received from various parts of the city relative to a practice far too common of the dumping of tin cans, other refuse and garbage on the rear of lots where they may be out of sight or smell of the owners but none the less an annoyance to others; also to a practice not entirely exceptional, of those residing in the section bringing their refuse, generally at night, to vacant lots at a distance, and there leaving it.

These practices should be looked after. They are not only unsanitary and unsightly, they are an infringement on the rights of others; and owners or others injuriously affected might well call the immediate attention of the proper city authorities thereto, to the end that suitable action may be taken.

Lots in the city are not public dumps; but there are dumps provided, and there are regulations for the collection of garbage. Under such circumstances the laws should be obeyed, and if there are any who do not obey the city ordinance, the matter should be looked after.

## FRED E. SMITH PURCHASES HOME.

## SUNDAY CLASS MEETING.

The Sunday class of the Main Street Baptist church met yesterday afternoon at the home of Mrs. A. J. Smith, 100 N. W. 1st street, with about 25 members present. ## DECORATION DAY PROGRAM

ARRANGEMENTS NOW COMPLETE FOR ANNUAL MEMORIAL EVENT.

Parade on Main Street Followed by Exercises in Riverside Cemetery. Address by Rev. Dr. J. W. Flynn—All Veterans, Military Organizations, Auxiliary and Scout Organizations Participate.

Arrangements for the formal observance of Decoration day on Wednesday of next week have been completed, and it is believed that it will be one of the most impressive and interesting memorial events in the history of Oneonta. Instead of holding a portion of the exercises in Municipal hall, as was formerly the custom, the address of the day, which will be by Dr. Flynn of the First Methodist Episcopal church, will form part of the service about the soldiers' monument in Riverside cemetery, a change which was made a year ago and which was in every way satisfactory.

In the morning there will be no formal observance but there will be the private decoration of graves by friends, relatives and members of veterans' organizations. From 12 noon until 12:45 the church bells of the city will toll and citizens are requested to stand with bowed heads during that period of tribute.

The parade will form at 12:45 o'clock on Main street, right resting on Chestnut, and will move in the following order:

Major G. W. Augustin, Marshal, Chief of Police F. N. Horton and Squad.  
Mayor C. C. Miller and Common Council.  
Company G Band.  
Co. G, 10th Inf., N. Y. N. G., Captain Louis M. Baker, Commanding.

Boy Scouts, C. J. Pederman, Scout Commissioner.  
Camp Fire Girls, Miss Dorothy Hanks, Captain.

The children of the schools of the city, in charge of Dr. P. L. Burpee, principal of the State Normal school, and Dr. George J. Dunn, superintendent of city schools, will meet at the cemetery and join the parade as it enters, as will also E. D. Farmer, Woman's Relief Corps, No. 123, Mrs. Sarah Dudley, president; Ladies' auxiliary, No. 55, U. S. W. V., Mrs. Maggie Tucker, president; and American Legion auxiliary, Mrs. L. D. Stude, president. ## "Some Cold Facts."

The Franklin Sales company of 421 Main street caused much interest Thursday in demonstrating the perfect cooling system of the New Franklin. With hood removed from car, and Thomas Henry Brown—a small dark, dressed in white blouse and blue pants—seated on top of the motor, the car was driven in low, second and high gears through the city streets, giving a striking and positive proof that it is impossible to heat a Franklin motor.

Large crowds assembled around the car when parked and displayed much interest in the many fine points of the Franklin.

It was a "Weight" smart idea and surely did provide entertainment for the crowds on the street as well as proving a source of information for prospective car buyers.

## Let the Fish Beware.

Postmaster Frank O. Sherman left Thursday evening for Delhi where he will join Congressman John D. Clarke and James Forman, chairman of the Delaware County Republican committee, in a week-end fishing trip.

## Dr. Dunn to Speak at Schemenus.

Dr. George J. Dunn, superintendent of Oneonta public schools, will deliver the Memorial day address at Schemenus.

## Treat the children to something.

What's good, give them some fresh bread with plenty of delicious Hygrade brand butterine. We are willing to rest our case on their judgment.

## A Friend in Youth and Old Age

Cast me not off in the time of old age; forsake me not when my strength faileth.—Psalm 71:9.

The young need God for counsel and restraint; the old for consolation and encouragement.

It is not easy to grow old gracefully, or even cheerfully.

Much is taken when youth departs; and the increase of experience is marked by the failure of power to make use of it.

If one is to carry on bravely through the remaining years, there must be a Divine Companion to cheer the way and lighten the burden.

## Cost of Production

The natural aim of every manufacturer is to keep down the cost of production—both in labor and raw materials—and to get as high a price for his product as its merits and utility will command.

The cost of producing the Ucan Safety Hair Cutter is extremely low—and the cost to the buyer is also extremely low—when compared with its time and money saving features.

The popular style of Ucan Safety Hair Cutter retails at \$2.00.

Refill blades retail at \$1.20 a dozen.

Refill combs retail at 50 cents each.

The cost of producing each cutter complete, including all overhead charges, advertising, etc., is approximately 54 cents and this cost is well established by reason of the fact that the Company is now, and has been for some time, on a mass production basis.

Thus it is easily seen that the margin of profit, including liberal discounts to dealers, is large—being more than 100%.

It must be obvious to the most conservative person that a Company which enjoys this margin of profit on its product must succeed—especially when its product is fully protected by world-wide patents and can be used by every man and boy.

It is a well known and admitted fact that the small, practical articles, of general utility, such as the hook and eye, the safety razor, etc., enjoy the greatest profit in production and sale.

Ucan Safety Hair Cutter is such an article.

We continue to advise the purchase of shares in this enterprise.

### PARISH HOUSE CORNER STONE

Formal service of laying of St. James' church Sunday morning. Archdeacon Lyon to preach. All cordially invited.

The corner stone of the parish house of St. James' church will be laid tomorrow. The Holy Communion will be celebrated at the usual hour of 8 o'clock. It is hoped that this may be so far as possible a corporate communion of the entire parish. Morning prayer will be said at 7:30, and the sermon will be preached by the venerable Yale Lyon, archdeacon of the Suffragan and rector of St. Matthew's church, Unadilla.

Following the sermon and offertory, the choir, clergy and people will proceed, during the singing of a hymn, to the site of the corner stone. The choir will be augmented by twelve men's voices from the Elks' Glee club, and the accompaniment outside the church will be furnished by Keeton's band. Special printed programs of the service will be furnished in order that all may join in the responses.

The stone will be laid by the rector, and in it will be placed current copies of the church and service papers, the names of the rector, wardens, vestrymen, architect and contractors. Also there will be placed in the corner stone the names of all those who have pledged money for the erection of this building. This list will include members of the Sunday school who have sold bricks. Anyone desiring to pledge something may have his name included in the list by handing the pledge in by tonight.

Two additional hymns will be sung outside the building and the consecration dominated without retiring to the church. The people are cordially invited to this service.

### ONEONTA DISTRICT MEETING

Woman's Home Missionary Society of Methodist Episcopal Church held AM-PM Meeting Here Yesterday.

The Woman's Home Missionary society of the Oneonta district of the Methodist Episcopal church held an all-day meeting at the First Methodist Episcopal church of this city yesterday. There was a very good attendance, with many of the churches of the district represented, and a most profitable gathering it proved to be. The reports and addresses, offered for the ensuing year were elected.

The officers are: President, Mrs. L. H. Green; first vice-president, Mrs. H. E. Green; second vice-president, Mrs. C. W. Hurnside of Sidney; third vice-president, Mrs. J. W. Vanotoff of Unadilla; fourth vice-president, Mrs. A. D. Finch of Sidney; recording secretary, Mrs. H. L. Baker of Norwich; corresponding secretary, Mrs. Barton Todd of Unadilla; treasurer, Mrs. George Somerton of Portlandville; and the secretaries: Young People, Mrs. J. J. Ballard; children's work, Mrs. H. W. Thomas; literature, Mrs. A. D. Finch; Mite boxes, Mrs. Earle Murray; Temperance, Mrs. J. H. Little; Christian Stewardship, Mrs. Lulu Walker; Supplies, Mrs. T. H. Briggs; Press, Mrs. Clark Fairbank; and Conference Member, Mrs. Charles Morey of Portlandville.

The morning session began at ten o'clock and was crowded with reports from churches and from department secretaries, as well as with short talks. Mrs. E. W. Matthews of Columbus, Ohio, a national field secretary of the Home Missionary society, gave one of the most interesting talks and hit on all lines of work of the society. At the afternoon session there were longer addresses, including one by Mrs. E. J. Maide, conference corresponding secretary of Birmingham, one by Mrs. Clarence Trickett, conference secretary of Chicago's Work, and one by Mrs. G. R. Clark, conference president of Scranton. Just before the dinner a pageant, "The How and Why of Home Missionary Work," was presented by members of the Oneonta auxiliary.

The evening session was dedicated to the young people. An excellent banquet was served, with Mrs. Lulu Walker, president. Following several talks, the banquet was closed and a pageant, "For Love of Christ, and in His Name," was presented by the Oneonta Queen Esther. The pageant was highly enjoyed by all of the ladies present.

The first scene of the pageant was in a negro cabin of New Orleans some forty-four years ago, before the forming of the Home Missionary society. The necessity of help for the race was noticed and the society conceived. Scene two portrayed the organization of the society in that city. In scene four the meeting of the Oneonta ladies for the formation of a Woman's Home Missionary society in the First Methodist Episcopal church was represented. Among the ladies who were represented in the last scene were Mrs. Griffin, Mrs. Bonn, Mrs. Bone, Mrs. Reynolds, Mrs. Young, Mrs. Wilber and Mrs. Bissell.

### CONFERRING WITH ARCHITECT

Rev. H. W. Thomas, pastor of the First Methodist church at Susquehanna, Pa., was in the city yesterday afternoon, conferring with those who are preparing plans for a new church edifice which the society intends to erect in that city, and for which a new site in the center of the town has been secured. Mr. Thomas was formerly pastor at Portlandville and has numerous friends in Otsego county who learn with satisfaction of his continued success in the ministry.

## HISTORIC HOUSE DESTROYED

Mary Hall, Near Cooperstown, Home of Misses Clinton, Burned Friday Afternoon—Notable Structure with Century-Old Memories.

Cooperstown, May 25.—Mary Hall, a historic stone house situated on the corner of the village, and which has been the home of the Misses Clinton for three years, had been burned and destroyed by fire at about 2 o'clock this afternoon. The fire, which was caused by a gas stove, burned for about an hour and a half, and the stone walls of the house were left standing.

The afternoon a meeting of the Cooperstown Chapter of the American Revolution, was held at Mary Hall, the session being in the long evening.

The house was a very old structure, the stone part having been built in 1807 by Elinor Wood, who was one of the early builders in Cooperstown. The house itself is a complete wreck, though partially in ruins, the police will not come near to covering the loss.
